

Evangelistic Meetings Have Been Arranged

Notable Party Secured by Christian Church for Series of Revivals

Beginning Sunday, June 5, a series of revival meetings will be held in Torrance under the sponsorship of the First Christian church. Meetings will be held in a large tent to be erected on the vacant lot adjoining the church at Engracia and Arlington avenue.

The evangelistic party which will conduct the services will be composed of Dr. and Mrs. Jesse R. Kellems, and the former's brother, Rev. Homer Kellems and his wife. The decision to invite the evangelists was reached in the local board a few days ago.

"Dr. Kellems is an eminent scholar, author and preacher," said Rev. G. G. Elder, in speaking of the coming campaign. "He received his early ministerial training in the Eugene Bible college and the University of Oregon, followed by three years at Temple University, Philadelphia, and later by four years at three of the most important universities of Europe. He had attained various degrees, and in 1927 was elected a Fellow of the Royal Geographical Society of London. Mrs. Kellems, Rev. and Mrs. Homer Kellems, are musicians of note, who will lend their abilities to make the coming meetings attractive and inspirational with their songs and instrumental music."

Two Hundred Scouts Expected Here Saturday

The second annual Camp-Rally of the Boy Scouts of the harbor district will be held in Torrance April 30-May 1, according to Scoutmaster Robert Lewellen of Troop 3. Torrance Scouts will be hosts to the gathering at which some 200 visiting Scouts will be present.

One patrol will represent each troop of the district in a camping contest, the winner of which will go to the main event to be held at Camp Arthur Letts in Hollywood soon.

Findley House in Los Angeles Burns

Entailing a damage of about \$1500, a house belonging to Don Findley and his sister, located on Dillon avenue, Los Angeles, was partially burned Thursday of last week. The fire, which was confined to the upper story of the house, is thought to have been caused by defective wiring.

Mr. Findley and his sister had occupied the house for some time, previous to Mr. Findley's removal to Torrance, but a short time ago he had removed his furniture and rented the property to another tenant. The fire damage was confined principally to the house.

THE INDIAN DEPTHS AND PICTURED NORTH

Keeping Up With Torrance High

Baseball practice is being held each night after school. The boys have played practice games with some of the larger schools and the prospects for a first division team are bright. The team has new red jerseys and caps. Mr. Fields is the coach.

The Scholarship Society is planning to entertain the neighboring chapters with a banquet to be given some time in May. Committees have been appointed and the motif is to be a Japanese idea.

A great deal of interest is shown each Tuesday when the high school students assemble in the auditorium for a high school sing. Old songs, hymns and some popular numbers are sung. These half-hour singing periods are under the direction of Mr. Wood, Mrs. Elschen and Miss Mills.

A rousing senior class meeting was held Thursday. Flowers for graduation, the class gift, ministers for commencement, and the class day program were only a few of the things discussed. A report by Melvin Lockhart, chairman of the gift committee, and one by Elmer Riley, chairman of the commencement program committee, were given.

Marje Belasco was appointed head of the class day committee. Suggestions are to be handed in to her.

Monday at the regular G. A. A. meeting, plans for the annual banquet were discussed. It was decided to have the Olympic motif of red, white and blue. The banquet is to be held in the cafeteria and dancing will follow in the gym.

This is Public School week and should afford students an opportunity to show their parents the school and facilities.

The pictures for the annual year were chosen by Miss Chase from those submitted by students in the high school art classes. Those selected were made by Ross Hutton, Ruth Wilhelm, George Miura, Elizabeth Neelands and Nadine Sherwin.

The frontispiece and finis were drawn by Mary Ogata.

A baseball rally was held Tuesday in the auditorium after the regular student body meeting. The meeting was presided over by Bill Lanz, commissioner of athletics, and included a speech by Coach Fields and the captain of the team. Members of the team were then introduced to the students.

ELEMENTARY SCHOOL DOINGS

A splendid film, "The Cultivation of Coffee," produced by Hills Bros., was shown to the pupils in the school auditorium, Friday, April 22.

The Industrial Arts, California History, Visual Education, and course of study divisions of the Los Angeles school system showed extraordinary interest in Education Week observance, in the excellent exhibits displayed at the school.

The children in Mrs. Gertrude P. Hayden's room are very much interested in a Japanese project, which includes the raising of silkworms. The children have watched the worms from the time they hatched out of eggs the size of pin-heads until now, when some of them have started to spin cocoons. They fed them leaves from the mulberry tree which grows in the school garden. Anybody who is interested in the cultivation of silk is cordially invited to visit the room.

A3 pupils of room 13, under the direction of Miss Laura Thomas, are furnishing the cottage of "Snow White and the Seven Dwarfs."

Last Thursday, Girl Scout Troop 79 went to the Redondo plunge. Mrs. Edith Bell, mother of Anita Bell, president of the group; Mrs. Fern Fortin, Mrs. Verne Lane and Mrs. Verne Schultz accompanied the Scouts. The members following enjoyed the trip: Anita Bell, June Bell, Lucile Acre, Ethel Mary Denny, Cecelia Fortin, Dorothy Lane, Marjorie Page, Annon Quigley, Phyllis Schultz, Lenore Schroeder, Annabelle Smith, Eriannelle Smith, Virginia Smith, Kathleen Mickle, Audrey Stanley and Georgia Tiffany.

Mrs. O. E. Hall, president of the Parent Teachers Association, is a delegate to the state convention of Parent Teachers Associations, which is in session at Fresno from April 25 to April 29, inclusive.

There is to be a paper drive for the P. T. A. on Friday, May 6 or May 13. Definite announcement will be made later.

Beans, as we know them, are typically an American food, for the first white settlers found them growing on this continent. Still different varieties were used by man even before the beginning of written history.

Navy and Lima beans are probably the best known members of the family but there are at least half a dozen kinds which are commonly found in our markets and all of them are quite low in price and high in food value. Many also know the red kidney bean, the Great Northern and the Pinto, but Bayo, Garbanzo, Black-eyed, and Cranberry Beans are less widely used.

Bayo beans are bay-colored or light brown, with darker brown around the eye; Cranberry beans are large and rather flat with red and white spots; Black-eyed beans resemble the Navy variety, except that the eye is black and they are so tender that they need not be soaked before cooking; while the Garbanzo variety rather resembles a nasturtium seed.

In order to bring out the best flavor in beans they should be cooked slowly, for a long time. Here are general directions for baking or boiling: Soak them over

Flower Show At Narbonne Set For June

Competition Open to Residents of Community As Well As Students

MORE POWER TO YOU, BILL

"More power to you Bill, 'am glad you won; The fight was hard but fairly done. Now strut your stuff and do your bit. And show your friends that you are fit."

"Put old Torrance on its feet, And let them know you can't be beat. Wear the plug hat with a swagger and swing So they'll all know you are still in the ring.

"Go to your job with a hearty good will. And they'll all be glad they voted for Bill!"

—ANONYMOUS.

Board Suspends Summer School As Saving Plan

The sum of \$485,888.50 will be saved taxpayers for the year 1932-33, due to the recent adoption of two retrenchment policies by the Los Angeles city board of education, curtailing certain school activities.

Through the suspension of the vacation schools next summer a saving of \$240,000 will be made in school expenses.

The dates of December 19, 20, and 21, 1932, have been fixed for the Teachers' Institute, and this shortening of the sessions will result in the saving of \$3750 for speakers' fees and \$242,128.50 in teachers' salaries, as the teachers are paid for each day of attendance at these meetings. The Institute this year will consist of six half day sessions and three evening sessions.

A new policy with reference to the transfer of pupils to high schools outside the Los Angeles high school district was recently announced by Frank A. Houelle, superintendent. Transfers heretofore issued will not be valid after the close of the present school year.

Beginning the school year July 1, 1932, transfers will be denied excepting in cases where students will have completed the eleventh grade in the outside school by the close of the present term.

Cabin Buried Under Record Snowfall

George B. Worcester, 1517, El Prado, has been informed that his cabin, at Mammoth Lake has been demolished by heavy snowfall of the past winter. The cabin is buried under 20 feet of snow and ice. The fall this season reached a depth of 40 feet, according to Mr. Worcester.

The flower show is being sponsored by Mr. Waterman, agriculture instructor, and his Future Farmers of America. The Industrial arts exhibit will be directed by the teachers of art, mechanical drawing, woodshop and electric shop. The admission will be free to all, but people who wish may bring non-perishable groceries for the raffle fund.

SCOUT PROGRAM AT KIWANIS MEETING

Boy Scouts of Torrance Troop 4, under the leadership of Frank Steinbliber, will put on a program for the Kiwanis Club which sponsors this troop at their next meeting, Monday evening, May 2.
